

DROP OFF PROCEDURES

Students must be dropped off at the far end of the circle drive in front. *Please wait* until you reach the end of the drive for children to exit the vehicle.

Parents should not leave their vehicles when dropping off. If you need to leave your vehicle, park in the street or in the back.

Please have your children ready to exit the vehicle. Students are to exit via the right-hand side closest to the school building; do not allow your children to exit on the left side, into the driveway. Please do not pass on the left around other cars; wait until the vehicle in front of you exits.
