

PICK-UP PROCEDURES

School ends at 2:15 p.m. on Mondays (early release) and 3:15 p.m. Tuesday through Friday. Students are released from the school via the side doors at the far north end of the building, and monitored by their teachers.

Parents should line up behind the cones in the back parking lot, and wait for a teacher to tell them to proceed for pick-up. Please stay in your car and wait in the car line along with all other parents - *please do not park your car and pick up your children*. Again, please be ready for your children to enter your vehicle in order to keep the line moving quickly.

These procedures are in place to keep our children safe, and drop-off and pick-up running smoothly.

Thank you for your cooperation!
